---------	------------	--

Summary: On August 13, 2003, William H. Booth, counsel for the California Large

Energy Consumers Association, met with David Gamson, advisor to Cmmr. Brown, and Brian Prusnek, advisor to Cmmr. Kennedy, in two separate meetings in San Francisco. At the meeting with Brian Prusnek also present was Timothy Sullivan, advisor to Cmmr. Kennedy. Booth discussed the advantage of coordinating the anticipated revenue requirement decrease in the Bankruptcy Settlement proceeding with the Commission's decision in Phase 1 of the Pacific Gas and Electric Company general rate proceeding. Booth explained that such coordination would allow the Commission to know precisely the amount of the overall decrease, would likely increase the amount of the decrease for customers and would avoid the need for multiple decreases. Booth noted that the larger revenue requirement decrease would provide the Commission with additional ratemaking flexibility.

Summary: On August 13, 2003, William H. Booth, counsel for the California Large Energy Consumers Association, met with David Gamson, advisor to Cmmr. Brown, and Brian Prusnek, advisor to Cmmr. Kennedy, in two separate meetings in San Francisco. At the meeting with Brian Prusnek also present was Timothy Sullivan, advisor to Cmmr. Kennedy. Booth stated his view that the revenue requirement associated with the revision of the Department of Water Resources revenue requirement for 2003 could be used to increase the amount of the anticipated revenue decrease for customers of Pacific Gas and Electric Company on January 1, 2004. Booth discussed his preference for amortization of the decrease allocable to each of the utilities over 2004 rather than its pass through in a single refund this fall.
